March-A-Thon/8th Grade Day

The annual March-A-Thon is the Rampart Regiment's biggest fundraiser of the year. It is critical that every member of the Regiment participate for us to reach our goal and keep fees significantly lower than the \$1500 other competitive marching bands charge.

This is also our chance to let current 8th graders find out what marching band is really like! We will rehearse in the morning for a short period before any 8th graders arrive, to warm-up and organize student groups. After that, current members will be buddied up with 8th graders and spend some time going over the basics of marching band and what to expect. We will then bring everyone out to the field for some basic drills and some playing and marching.

At the end of the day, the 8th graders and current members will put on a short show involving both groups, and current members will perform their field show for any who are interested in coming.
